

Dynamic Lite

The Tripod Killer

AV Franklin announces the first real upgrade to the tripod screen.

Introducing Dynamic Lite — *The Tripod Killer*

A breakthrough in breakout room set up options, these high quality, portable screens make a big splash in smaller meeting rooms.

**One person
assembly**

**No tools
required**

Let the Lite in on your breakout room presentations

- The lightweight yet sturdy aluminum screen frame comes as a single piece and easily folds for a quick, one-person set up.
- Our boomerang feet upgrade the look of the screen and are less of a trip hazard than traditional feet.
- A tailored black skirt and canvas carry bag complete the kit.
- 8ft screen has hard case available.
- Our screen kits are available with front, rear, or dual material and snap on just like you are used to with our folding screens.
